---------------	--------	---------

## Determination of Billing Demand

The member agrees to maintain unity power factor as nearly as practicable. The billing demand shall be the maximum kilovolt-ampere demand established by the consumer for any period of fifteen consecutive minutes during the month for which the bill is rendered, as indicated or recorded by a demand meter installed by the Corporation.

## Monthly Minimum Charge

The monthly minimum charge under this schedule shall be the highest one of the following charges as determined for the consumer in question:

1. The monthly minimum charge specified in the contract for service.
2. A charge of \$1.10 per kVA of required transformer capacity.

## **Terms and Conditions**

1. In general, motors having a rated capacity in excess of ten horsepower (10 h.p.) must be three-phase.
2. Service will be rendered only after the following conditions are met:
  - a. The consumer will give satisfactory assurance by means of a written agreement as to the character, amount and duration of the business offered.
  - b. In no case, however, will the minimum bill for three-phase service be less than that previously specified under "Monthly Minimum Charge".

## **Rate Adjustment**

The above rates are subject to rate adjustments stated in [Appendix A](#).

## **Other Charges and Terms of Service**

Schedule GDS is applicable to charges and other terms of service outlined in [Appendix B](#).

## **Renewable Energy Certificates**

Renewable Energy Certificates (REC's) are authorized to be purchased by members assigned to this rate schedule as summarized in [Appendix C](#).
